"Having done many train the trainer courses in my 40 + year career, none, absolutely none gave me the tools or advice that I received from Ralph." *Derrick Norton, Iberdrola Engineering & Construction*

"I attended the PTT Course, provided by Target Training Associates, led by the King of positivity, Ralph Moody. It was such an insightful two days and I took away more than I thought possible about different training techniques and how to ensure delegates are actually benefitting from the training courses that I run. This was not a generic course by any means, Ralph was able to tailor the course throughout using real life situations from his impressive career, which was really helpful. I will be recommending Target Training Associates at every opportunity and convincing my management team to sign me up to more of their courses." *Joel Evans, Triaster*

"As a solicitor I have been on many courses, this is the best course I have ever attended during my professional career." *Sarah Bloor, Winn Solicitors*

"PTT Train the Trainer lead by Ralph Moody has been the best training course I have experienced. Ralph is warm and welcoming and straight away dives head first into showing the delegates the skills already have and built upon them to become a fantastic trainer (sometimes even without knowing). The practical opportunities to practice these new found skills and the opportunity to receive constructive feedback throughout the course is hugely beneficial not just you, but to whole group as we all learnt so much from one another. Thoroughly enjoyable and you won't want to go back to your desk afterward, I know I certainly didn't!!! Fantastic course and well worth anyone's time if they are interested in developing training skills." *Helen Carvey, UKIM*

"The course was amazing, in fact, if there is a word better than that then I would use it. It was intense and at the same time life changing. The feedback added to the process. I feel like a different person with so much energy. I have attended courses (I mean a lot), I have to say your course is by far the best." *Viv Okuguni, IG Index*

"I cannot remember the last time I attended a course that I enjoyed as much as the PTT Train the Trainer course this week. The course was fulfilling from a learning perspective as well as entertaining from an activity & enjoyment perspective. The boundaries of individuals were tested throughout the course and I did not anticipate to see such immediate improvement in myself and peers." *Paul Williams, Schawk*

"The PTT train the trainer course was an invaluable experience for me. I learnt so many different skills but most importantly how to be more confident stood in front of people delivering training and how to deal with difficult members of a group. The 'fantastic' skills I learnt will stand me in good stead for the future and I can only thank Ralph for his enthusiasm and guidance during the two days." *Joe Harris, Wienerberger Ltd*

"Without doubt it was the most useful course that I have ever been on. I have learnt skills that can be applied inside and outside the workplace." *Lewis O'Sullivan, Skills Funding Agency*

originally from Isaac Newton, goes something like "If I have seen further, it is by standing on the shoulders of giants." You are definitely one of my 'giants'!" *Aileen Hughes, H&S Consultant*
