***"I highly recommend this course to anyone involved in training. The Advanced PTT course was excellent; both in content and in the superb delivery of the material. Ralph is a fantastic trainer and everything he taught us was wonderfully demonstrated by him during the training. I appreciated that over the two-day course I had multiple opportunities to utilize the material in mini-training sessions and to receive feedback on my performance. I'm confident that the training techniques I practiced in this course will help me take my training to the next level."* Liz Given, Oracle**

***"I was given a remit for introducing realism into training in West Mercia Police in 1998 and have consequently attended training courses across the country, delivered at local, national and international level. Never have I experienced such impactful, positive and knowledgeable training as I did when I attended the Advanced Professional Training Techniques course, delivered by Ralph last week in Edinburgh. The facilitation of inclusive participation, the motivating delivery and the exceptionally positive reinforcement of skills with constructive identification of areas for development were second to none I have experienced. Exceptional!"* Andrew Graham, Graham Consultancy**

***"I wanted to e-mail you to say again how marvellous your training was, and how much I have learned. Actually, I know that I have grown personally too by the whole experience. I will definitely recommend you to all and sundry! My all time favourite saying which, I believe, is originally from Isaac Newton, goes something like "If I have seen further, it is by standing on the shoulders of giants." You are definitely one of my 'giants'!"* Aileen Hughes, Solicitor**
